Document Purpose

The Kentucky All Schedule Prescription Electronic Reporting System (KASPER) is Kentucky’s Prescription Drug Monitoring Program. KASPER is housed in the Office of Inspector General in the Cabinet for Health and Family Services (CHFS).

The cabinet utilizes a secure single sign-on application, called the Kentucky Online Gateway (KOG) for access to its systems including KASPER. This user guide provides information to help existing KASPER users complete the “onboarding” process that will allow them to use the Kentucky Online Gateway to access their existing KASPER account, and to help new users register for a KASPER account. **The old KASPER access portal is now inactive, and existing KASPER users who have not completed the KASPER-KOG onboarding process will not be able to access KASPER.**

Follow the instructions in this user guide to complete the following.

- Create and log into a Kentucky Online Gateway (KOG) account.
- Complete the onboarding process to connect your KOG account to your existing KASPER account, or to create a KOG and KASPER account if you are a new user.
- Complete the process by which prescriber and pharmacist master account holders can add delegates to their accounts.

**Attention delegates** (nurses, medical assistants, pharmacy technicians and other office staff) who request reports on behalf of a prescriber or pharmacist. You will not be able to onboard your existing KASPER account to a KOG account until the Master Account Holder (the prescriber or pharmacist for whom you work) completes the onboarding process for their own account, and follows the process to establish you as a delegate under their account. Refer to Section 4, Delegate Management for information on completing this process.

1 Registration and Security Requirements

1.1 Registration Requirements

- All users of KASPER must establish a unique and personal Kentucky Online Gateway (henceforth KOG) account to access KASPER. Prescribers and pharmacists must complete this process to remain compliant with the statutory mandate to register and maintain a KASPER account. An existing KOG account may be used for KASPER access. If a user already has a KOG account, there is no need to create a new KOG account.
- Once a KOG account has been established, existing KASPER users must then associate, or “onboard” their KOG account to their existing KASPER account for continued access and use KASPER.
- New KASPER users (those who do not currently have a KASPER account) must establish a KOG account in order to create a new KASPER account.

1.2 Account Security

- Each individual who will use KASPER must obtain his or her own KOG account, and agree not to share login credentials with others.

---

Important KOG and KASPER Account Security Cautions

1. Ensure you have a unique email address that only you use.
2. **If you are a prescriber or pharmacist**, do not allow anyone else, including those who you previously designated to request KASPER reports on your behalf, to create your KOG account or attempt to onboard your existing KASPER master account to your KOG account.
3. **If you work for a prescriber or pharmacist** who wants to authorize you to request KASPER reports on their behalf, you may create your own KOG account at this time. However, you should take no action until you receive a delegate invitation email from the KOG system. The delegate invitation email will be generated after the prescriber or pharmacist has completed the KASPER-KOG onboarding process and submitted a request via KOG for you to be a delegate under their account. When you receive a delegate invitation email, please follow the directions to onboard your existing KASPER delegate account (if you previously had one), or to create a new KASPER delegate account.
4. **Do not provide your KOG login id or password, or your old KASPER user name or password to anyone!**
5. If you are onboarding an existing KASPER account and do not remember your old KASPER username or password, please call the KASPER Help Desk at 502-564-2703 for assistance.
2 Kentucky Online Gateway Account Registration

2.1 Creating a KOG Account
You only need to create a KOG account one time, and only if you do not already have a KOG account. You may already have a KOG account if you access other cabinet services such as Vital Statistics for birth or death certificates, or benefind for benefit information. To request your KOG account you must complete the KOG user registration process. Each user must have a unique e-mail address to complete the registration process. KOG will support unique email addresses provided by a free email service. Please note that the email address you use to register with KOG will become your KOG login ID.

**IMPORTANT:** If you already have a KOG account, you do not need to create another one. Instead, follow the KASPER Onboarding Procedure in Section 3 of this user guide.

2.1.1 Browse to the KOG Website

Make sure your web browser is updated to the latest version. In your web browser, go to https://KOG.chfs.ky.gov/home, select Citizen or Business Partner and click the Create Account button.

2.1.2 Complete Account Profile Information
Complete the fields on the User Profile Form. You must complete the required fields that are marked with an asterisk (*). You will receive an error message if you do not complete all required fields.
In addition, you should also complete the following fields, which are required by KASPER. If you leave them blank here (which KOG will allow), you will be required to come back and complete them later before you can access KASPER, so it is best to do so now.

- Mobile Phone
- Street Address
- City
- State
- ZIP Code

2.1.2.1 Choosing a Password

- Passwords must be at least 8 characters in length and contain at least number, one lower case letter, and one upper case letter. Passwords may not contain more than 3 consecutive characters from your email address.
- Please remember your new password. You will need it to access KASPER from now on!
2.1.2.2 Security Questions

Select two security questions from the drop down box, and enter the answer to each question. It is very important to complete the security questions – and to remember how you answered them. The answers to these security questions will be used to verify your identity in the event that you lose/forget your password or your account expires. Answers to the security questions are not case sensitive.

Complete all fields and click the **Sign Up** button. The confirmation screen shown below will be displayed.

![Security Questions Image]

2.1.3 E-mail Confirmation

An automated e-mail will be immediately sent to the e-mail address you provided on the User Profile form. When you receive and open the e-mail, click the link included in the e-mail. **You must click on the link shown in the e-mail within four hours to complete the verification process or your account request will be deleted.** If this happens, you will have to begin the registration/verification process again.

Sample e-mail message:

![E-mail Confirmation Image]

When you click on the link in the automated e-mail, the screen shown below will be displayed. Enter the answers to your two security questions, **exactly as the answers were entered on the User Profile Form**, and then click the **Verify Account** button. This is the only time the link in the automated e-mail will work. From this point forward you must use the following URL to access KOG: [https://KOG.chfs.ky.gov/home/default.aspx](https://KOG.chfs.ky.gov/home/default.aspx)
### 2.1.4 Mobile Phone Number Registration

If you provided your mobile phone number at the account creation screen, you will be prompted to register the mobile number for KOG account communications. If you want to register your mobile phone number click the **Send Passcode** button next to the number you provided during registration earlier, which will be pre-populated in the “Enter Mobile Phone” field.

If you would prefer to skip mobile registration at this time, please click the **Skip and Continue** link and you will get the message “Your account has been successfully created”. Click on the **Continue to Logon** link, where you will be returned to the Kentucky Online Gateway home page and you will log in as a citizen with the account information you created.

You will receive a text message on your mobile device containing an 8-digit code. Enter the code received in the “Enter Passcode” field and click the **Validate & Verify** button.
You will now receive a message notifying you that your mobile device has been successfully validated and your account has been created.

### 2.2 Forgotten Username or Password

If you forget your Kentucky Online Gateway username or password, follow these steps:

1. In your browser, go to [https://KOG.chfs.ky.gov/home/default.aspx](https://KOG.chfs.ky.gov/home/default.aspx) to access the Kentucky Online Gateway login page.

2. Click on [Forgot/Reset Password?](https://KOG.chfs.ky.gov/home/default.aspx) If you need help with your password.
3 KASPER Onboarding Procedure

3.1 Special Instructions for Onboarding Institutional Master Accounts

This section does not apply to APRN, prescriber, pharmacist, law enforcement, judge or regulatory agency accounts! It applies only to hospitals and long term care facilities that have created a KASPER Institutional Master Account. If you want to create a new KASPER Institutional Master Account, please contact the KASPER administrator at eKASPER.Admin@ky.gov for the appropriate forms and instructions.

If you are onboarding an existing KASPER Institutional Master Account, please use the following values as you complete the “missing” KASPER information as instructed in Section 3.7 Missing KASPER Information Page.

- For Area of Work select “Institutional Master Account”
- For Specialty select “Institutional Master Account”

3.2 Log Into Your KOG Account

If you have not yet established your KOG account please follow the process in Section 2 Kentucky Online Gateway Account Registration.

Once you have completed KOG registration, you can associate your KOG account to KASPER by following these steps.

In your browser, go to https://ekasper.chfs.ky.gov to access the KASPER website. You should immediately be redirected to the Kentucky Online Gateway login page, unless you are already signed into KOG in your current browser session. You may wish to bookmark this URL or add it to your browser favorites to simplify future KASPER access.
On the left side, enter your KOG account name and the password, and click Log In. You will be sent to KASPER automatically if you began with a KASPER URL (browser bookmark). If not, you will see “KASPER” on your My Apps page and simply click it to go to KASPER.

### 3.3 Provide Missing KOG Information Needed by KASPER

As noted before, some fields are required by KASPER, but not by KOG. If you did not complete any of these fields during KOG account registration, KASPER will require you to go back to KOG and supply them now. This is required in order to proceed to KASPER.

If you are shown the screen below, click the link to return to KOG and be sure to complete the information which was listed as missing, and then click “Back to Application” to return to KASPER.

- Street Address
- City
- State
- ZIP Code
- Phone Number (typically mobile)

![KOG Profile Information Missing](image)

**3.4 Complete the KASPER Onboarding Process**

The first time you arrive at KASPER while logged into a KOG account, you will be asked to provide your old KASPER User Name and Password. **This is required to associate your KOG account to your old KASPER account, and only needs to be done the first time you come to KASPER from KOG.** Once the onboarding process is complete, you will access KASPER via KOG only and will no longer need your old KASPER user name or password.
If you already have an existing KASPER account:

- Enter your KASPER User Name and Password (these are the same old KASPER login credentials you used when you logged directly into KASPER in the past) and click Submit. If the user name and password are found in the old login system, your KOG and KASPER accounts will be linked and you will never have to enter your old KASPER login credentials again.
- If you have forgotten your old KASPER user name or password, contact the KASPER Help Desk at eKASPERHelp@ky.gov or 502-564-2703.

If you do not have an active KASPER account already:

- If you are to be a Master Account Holder, click the Request a KASPER Account link to go through the full KASPER account request process, which requires providing professional credentials and license information, and printing and mailing the resulting application forms to KASPER for account verification.
- If you are to be a Delegate (an account holder who will request KASPER reports on behalf of a prescriber or pharmacist Master Account Holder), and you received an invitation from the Master Account Holder (i.e. you clicked a link in an email from KOG to initiate this process), click the Request a KASPER Account link on this screen to complete your KASPER account registration.
- If you are to be a Delegate to a Master Account Holder, and you have not already been invited by a Master Account Holder, do not proceed! You must wait for an invitation from at least one Master Account Holder in order to complete the onboarding process.
3.5 KASPER Account Taken

If you enter the login credentials of a KASPER account which has already been associated with another KOG account, **do not proceed!** You will need to contact our help desk to resolve the matter. Please contact the KASPER Help Desk at eKASPERHelp@ky.gov or 502-564-2703.

3.6 KASPER Account Type Mismatch

If you are a delegate and try to onboard to the KASPER account of a Master Account Holder, or vice-versa, you will not be allowed to proceed. During onboarding, users must connect their KOG account to their own KASPER account of the correct type.
IMPORTANT: Delegates must first have an invitation email from a Master Account Holder in order to onboard to their KASPER Delegate account! See Section 3.10 Delegate Access Request below for more details.

### 3.7 KASPER Account Name Mismatch

If you enter the login credentials of a KASPER account whose name does not match the name in your KOG account, you will need to contact our help desk to resolve the matter. Please contact the KASPER Help Desk at eKASPERHelp@ky.gov or by phone at (502) 564-2703. This measure is taken to prevent users from unintentionally connecting someone else’s KASPER account to their KOG account.

### 3.8 Account Request In Process

You already have an account request in process. Please wait for the process to complete, upon which you will receive an email with further instructions.

If you need to print your access request application again, click the print button below.

If you have questions, please contact the Office of the Inspector General at (502) 564-2703 and reference Request ID #87525
If you attempt to log in before your KASPER account registration has been approved, you will see the above page. You will not be allowed to use any KASPER functionality until your KASPER account has been approved.

### 3.9 Missing KASPER Information Page

![Missing KASPER Information](image)

Once you have successfully associated your KOG account with either an existing or new KASPER account, you will then be asked to supply a few additional fields as a final step in the onboarding process. Complete these fields and click the **Submit** button and you will then be taken to KASPER with full access. Please note there are expanded areas of work and specialties from which Master Account Holders may select. Please take time to review all the options and select those that are the most accurate for your profession and primary specialty area. **Prescribers should not select “Institutional Master Account” as the area of work unless you have a prior approved account for a hospital or long term care facility in addition to your prescriber KASPER master account.** If you are unsure about what Area of Work or Specialty you should select, please contact the KASPER business office at 502-564-2815 for guidance.

*Note: Area of Work and Specialty selections will only appear for Master Account Holders, not Delegates.*
3.10 Delegate Access Request

If you are a Delegate who came to KASPER from an invitation from a Master Account Holder, and you did not have an existing KASPER account and clicked the Request a KASPER Account link above, you will be shown this screen and must enter all the required fields and click the Submit button. At that point you should have access to KASPER.

Note: If you live in Kentucky but still have a Driver’s License from another state, please select the state that issued your current Driver’s License and enter that Driver’s License number.
3.10.1 Uninvited Delegates

Delegates cannot onboard to KASPER until they have been invited by at least one Master Account Holder (a prescriber or pharmacist) to serve as a delegate, and come to KASPER following the link in that invitation email. If you are a delegate in this situation, tell the appropriate Master Account Holder(s) to send an invitation to your KOG account from the KOG website (refer Master Account Holders to Chapter 4 for complete instructions). If you attempt to onboard to a KASPER Delegate account when not invited, you will see the screen above because KASPER must assume you are a Master Account Holder due to the lack of a delegate invitation.

### 3.11 Onboarding Complete

Once you complete all applicable steps above, you should see the KASPER Terms and Conditions page as usual, and be able to access all authorized KASPER functionality once you click the I accept button.

*Note: The text below is a sample and may differ from what you actually see based on your account type.*
Terms And Conditions For Authorized Use Of Kasper

This website contains protected health information and is intended only for an authorized individual or entity. Such confidential information is legally privileged and exempt from disclosure under applicable law. If you do not have authorization to handle protected health information, you are notified that any inappropriate dissemination, distribution or copying of this information is strictly prohibited. 4 Delegate Management for Prescriber and Pharmacist Master Account Holders

4.1 Inviting Delegates

*Note: This section applies only to Prescriber and Pharmacist Master Account Holders.*

All Master Account Holders must re-invite their delegates by going through the steps below in KOG. This can be initiated from within KOG or by selecting the Manage Delegates option in your KASPER Account Maintenance page which will take you to this function in KOG.

Log onto your KOG account by going to [https://kog.chfs.ky.gov/home](https://kog.chfs.ky.gov/home). Do NOT go to KASPER. Click on your user name in the upper right, which opens Account Management in a new tab.
Click on **My Delegations**.

Enter the name or email address (partial or full) under “Choose a user to invite” and click **Search**.
In the search results window that appears, click the delegate you wish to invite so that row highlights, and then click **OK**.

If you can’t find the delegate, or if you know they do not yet have a KOG account, you can instead enter their first name, last name and email address below the **Search** field, and they will be able to create a KOG account when they follow the instructions in the invitation email.

**IMPORTANT:** You must provide the exact email address which the delegate will use when creating their KOG account!
Once the delegate’s name and email are in the form, check the Select box for the role you wish to delegate and click Delegate Roles. You should be shown a success confirmation message.

### 4.2 Pending Delegations

Pending delegations are invitations which have been sent, but which have not been completed by the invited delegate. By clicking on Pending Delegations you can see any pending delegations and can elect to delete them by clicking on Delete for the appropriate delegate. This action effectively uninvites that delegate, making the invitation they received unusable.
4.3 Manage Delegated Users (Removing Delegates)

If you need to remove a delegate’s access to KASPER, click on Manage Delegated Users.

For each delegate you want to remove, click the Manage button which will highlight the entire row, and then check the Select box for the delegated role and click Remove Roles.
4.4 Delegate Email Invitations

Delegate Invitation ➤ Inbox 3:37 PM (3 minutes ago)

KEUPS UAT Mail <KEUPS_DoNotReply_keupsuat.chfs@ky.gov>

To Doctor.T

Bill Jones has invited you to participate as a delegate account holder for the applications listed below:

Application Name: KASPER
Role Name: Prescriber Delegate

Please click the link below and follow the instructions to gain access as a delegate account holder. This invitation link will expire in 7 days and valid only for one-time use.

Click here to complete the process.

If you need any assistance further, please contact the Kentucky Online Gateway HelpDesk.

Kentucky Online Gateway

NOTE: Do not reply to this email. This email account is only used to send messages.

Privacy Notice: This email message is only for the person it was addressed to. It may contain restricted and private information. You are forbidden to use, tell, show, or send this information without permission. If you are not the person who was supposed to get this message, please destroy all copies.

If you are a delegate and receive an invitation from a Master Account Holder, you need to click on the Click here to complete the process link in the email as shown above, and then either log into KOG or create a new KOG account as described above in Chapter 2. If this is the first delegate invitation you have received, please proceed with the steps for onboarding an existing account if you already have a KASPER delegate account, or for creating a new KASPER delegate account, as described above in Chapter 3. If you previously completed the delegate invitation process for another Master Account Holder, simply click on the Click here to complete the process link and your new delegation will be in effect upon your next KASPER login.
