Inspector General

**Novel Coronavirus (COVID-19) Interim Guidance for
Acute Care Providers Regarding Visitation**

June 22, 2020

The Cabinet for Health and Family Services, Department for Public Health, in accordance with the authority granted in KRS 214.020 and Executive Order 2020-215, hereby issues this interim guidance: **Limited visitation is permitted in accordance with the Acute Care Provider's policy.**

The following visitation procedures should be followed:

- Visitors must have their temperatures taken at the facility's entrance before entry to the facility can be granted.
- Visitors without a fever (100 degrees Fahrenheit or below) may visit their loved one.
- Social distancing should be maintained at all times, including with the patient. If social distancing is not maintained, visitors may be asked to leave.
- Visitors with a temperature reading of 100.1 degrees Fahrenheit and above should not be granted entry to the facility and should be advised to seek medical attention if the visitor:
 - Shows additional signs or symptoms of respiratory infection, such as cough and sore throat;
 - Has recently traveled internationally to restricted countries; or
 - Has had contact with someone with, or under investigation for COVID-19.

If a visitor is denied entry to visit a loved one, the Cabinet further recommends that facilities should have phones available for patients to speak with visitors.

For questions regarding infection control, transmission-based precautions, and use of personal protective equipment, please call the Healthcare-Associated Infection/Antibiotic Resistance Prevention Program:

- Andrea Flinchum (502) 564-3261 ext. 4248
- Michael Curran (502) 564-3261 ext. 4249
- Chad Eldridge (502) 564-3261 ext. 4251
