Member Education & Incentives

Focus on Well Child Visits & Vaccinations

6 Withhold Measures: HBD (A1c) Good Control, Well Child Visits, CIS/Flu Vaccinations, IMA Vaccinations Combo 1/2, PPC Postpartum & SNS-E SDOH Screening.

4 Bonus Measures: APM-E, FUA-7, WCC Nutrition and BCS-E

2

State Managed Care Quality Strategy

Six Categories of Focus

KDMS Strategic plan implemented 2023.

Align plan NCQA HEDIS Stars program

Align plan Whole Health program

Align plan Health Equity program

Goal Categories: Behavioral Health, Chronic Disease Management, Preventive Care, Delivery System Reform, Health Disparities & Social Determinants

MCQS Goal Clarification Pending – KDMS MCO Quality Meeting – November 8th

3

State Dental PIP 2024

OED & TFC Measures

KDMS Performance Improvement Project (PIP) on Pediatric Oral Health. Oral Exam Dental (OED) and Topical Fluoride (TFC) focus.

Topical Fluoride for Children (TFC). PCPs and their clinical staff can apply fluoride varnish in their offices and receive reimbursement.

Treatment for Children Ages 1-4 for the HEDIS TFC Measure.

Feedback request from Primary Care TAC: Discuss opportunity and barriers to applying fluoride varnish in the PCP's office?
