

Welcome to the

2022 Kentucky Asthma Symposium

“Bugs and Drugs”

1

Douglas R. Lotz, MD FAAAAI

Douglas R. Lotz, MD FAAAAI is a Senior Partner with Family Allergy & Asthma based in Louisville, KY. He also serves as Clinical Instructor in the Department of Pediatrics, Division of Allergy and Immunology at the University of Louisville School of Medicine. Dr. Lotz received his medical degree from the University of Louisville School of Medicine. He then completed his residency in both internal medicine and pediatrics at the University of Cincinnati/Cincinnati Children’s Hospital. From there, Dr. Lotz moved to St. Louis to complete his fellowship in allergy and immunology at St. Louis University School of Medicine. Dr. Lotz is a fellow in the American College of Allergy, Asthma and Immunology, and a member of the American Academy of Allergy, Asthma and Immunology, the American Academy of Pediatrics and the American College of Physicians. He is also the current Chair of the Kentucky Asthma Partnership and serves on the Kentucky Region Local Leadership Board of the American Lung Association.

2

2

Zachary C. DeVries, PhD

Zachary DeVries is an Assistant Professor of Urban Entomology at the University of Kentucky. His work is focused on the intersection of urban/indoor entomology and environmental exposure risks, where he strives to understand how urban pests function and behave, improve urban pest management strategies, and improve human health through proper pest management.

3

Megan Habich, MSN, APRN

Megan Habich is currently working as a Nurse Practitioner for Jefferson County Public Schools and has been since 2009. Prior to working at JCPS, Megan worked as a RN at Norton Children's Hospital for 5 years. Megan received her undergraduate degree in Nursing from the University of Louisville in 2003 and her Master of Science in Nursing from Spalding University in 2008. In addition, she serves as the Kentucky Asthma Partnership Chair of the School Services Committee.

4

4

Scott Bickel, M.D., M.S.

After graduating with a Bachelor of Science in Computer Science from Ohio State University, Dr. Bickel received his medical degree from the University of Louisville. He stayed in Louisville to complete his pediatric residency and then became the first pediatric pulmonology fellow at the University of Louisville. Upon completion of his fellowship, Dr. Bickel joined the faculty at the University of Louisville as part of the Division of Pediatric Pulmonology in 2016. Dr. Bickel is active in clinical research with special interests in environmental influences on asthma control, pulmonary function testing and fellow, resident and student medical education. Dr. Bickel has over 60 peer-reviewed articles and abstracts for national and international meetings.

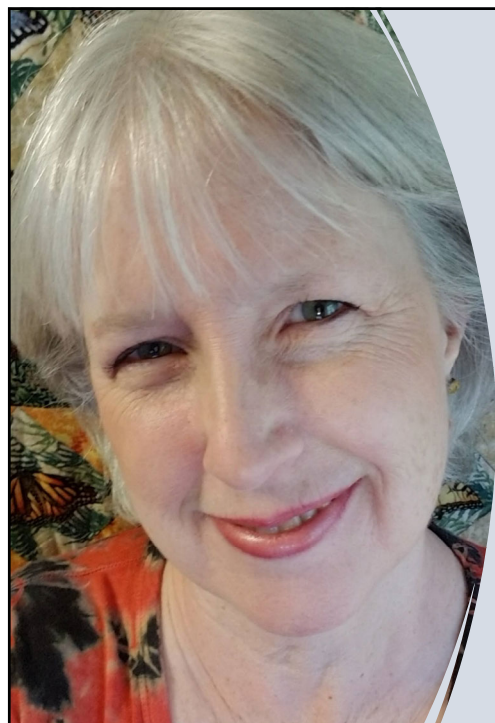

5

5

Roberta Burnes

Roberta Burnes is the Environmental Education Specialist for the Kentucky Division for Air Quality (DAQ) in the Energy and Environment Cabinet (EEC). She runs the division's education and outreach program, traveling across the commonwealth to engage students with air quality and its impact on human health. Burnes serves as DAQ's public information officer; she runs the website, writes stories and develops educational media, and trains others on improving digital accessibility of web pages, presentations and documents. She is a certified Kentucky Master Environmental Educator and Green Community Leader.

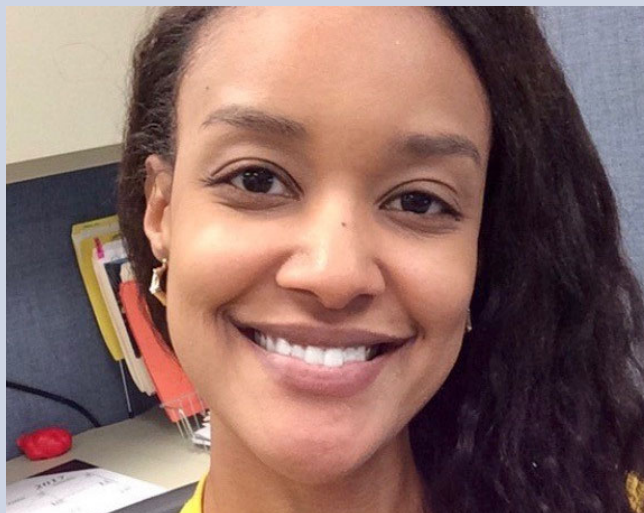

6

6

Rahel Basse, MPH

Rahel Basse is the Program Manager for the Kentucky Asthma Management Program with the Kentucky Department for Public Health and has worked with the KAMP since 2019. She earned her Master of Public Health degree from Loma Linda University and a Biology Degree from Oakwood University. She has eight years of experience in public health that includes serving as an AmeriCorps volunteer in Corning, NY, working in Charlotte, North Carolina as a Green Community Schools coordinator, and as a workplace inspector for Kentucky Occupational Safety and Health.
